Dear Zvi:

As the Weiswasser Residence is nearing completion I want to thank you for your perseverance. This was a difficult project with the multiple reviews by the Landmarks Commission, Building Department, Cooperative Board, building architect and management company as well as design and specification revisions. You have patiently worked with all involved, pleasing the clients with their new home and satisfying all parties.

In addition to the commercial work at 601 West 26 Street and 275 Madison Avenue, this is the fourth residence you have built for us. In every case the clients were pleased and continue to request your services. Years later, Roma Farrington still asks for your help as do we. Your attention to detail during construction and help during preconstruction is much appreciated.

Sincerely,

L. Michael Goldsmith
