Dear Zvi,

I want to thank you for doing such a spectacular job on the Connolly residence. The renovations to the apartment really opened the space and the clients are thrilled with their home. You and I have been working together for six years, and it never ceases to amaze how smoothly and seamlessly the projects run. You really care about giving the client exactly what they want and need. You and your crews are professional, your budgets are always fair and your workmanship is of the highest quality.

As a designer, happy clients are the greatest reward. Whenever you are retained for a project, I know that I do not have to worry about whether the renovations for the home will be done to perfection--they always are. Not only is your craftsmanship outstanding, but you listen and answer the clients' questions, and include them in every step of the process. My clients have consistently told me that your ability to give them exactly what they want is incredible. I know it is because you treat every project like you're working on your own home.

I look forward to working with you again. In the meantime, best of luck and success with all of your projects.

Best regards,

Lori Kortmansky
